REDEVELOPMENT AGENCY MEMORANDUM

To: Chairman and Members of
the Miami Beach Redevelopment Agency

Date: July 7, 2004

From: Jorge M. Gonzalez
Executive Director

**Subject: REPORT OF THE ITEMIZED REVENUES AND EXPENDITURES OF THE
MIAMI BEACH REDEVELOPMENT AGENCY FOR THE EIGHT MONTHS
ENDED MAY 31, 2004**

On July 15, 1998 the Chairman and Members of the Board of the Miami Beach Redevelopment Agency resolved that an itemized report of the revenues and expenditures of the Miami Beach Redevelopment Agency, with respect to each redevelopment area, would be made available to the Chairman and Members of the Board of the Miami Beach Redevelopment Agency at the end of each month. Further, it was resolved that such report would be made available no later than five days prior to the second regularly scheduled Redevelopment Agency meeting in the month immediately following the month for which such report is prepared and that the report would be placed on the Redevelopment Agency Agenda for the second meeting of each month as a discussion item. Because the distribution date for the second Commission meeting of some months falls prior to our receipt of bank statements for the month, we advised on October 21, 1998, that beginning with the report for the month ending October 31, 1998 all monthly Redevelopment Agency reports would henceforth be included as part of the agenda for the first Commission meeting of each month.

The attached material includes the following:

**SUMMARY OF MAJOR
PROJECTS**

REDEVELOPMENT PROJECTS (Planned and/or Underway)

South Pointe Projects:

Project

Status - as of 5/31/04

Courts and Cosmopolitan Project (Formerly the Courts of South Beach)

A Mediterranean town-house development located between First and Second Streets and between Alton Road and Washington Avenue. The project is the subject of a Development Agreement, executed by the RDA in 1989. Phases I, II, III and V, made up of residential and commercial are complete. Phase IV, consisting of 231 residential units and 10 commercial units is expected to be completed by Spring 2004.

In conformance with the original Development Agreement, the developer completed construction of a Piazza/bus station shelter located on Alton Rd. at 2nd Street which includes landscaping and pavers. Additionally, the developer has commenced streetscape improvements to be constructed from Meridian to Washington on 1st and 2nd Streets. Streetscape improvements will include new paving, sidewalks, drainage and landscaping.

Since the execution of the original Development Agreement, the development rights have transitioned to two additional developers. Groupe Pacific is currently the Developer of Record.

Total Project Cost: Est. \$100 Million

Total CRA participation: Est. \$16.5 Million - Land acquisition and related administrative and construction expenses.

Library Project

As part of the Courts Settlement Agreement, the RDA has exercised an option to purchase and contribute to the City of Miami Beach, a 5,000 square foot commercial condominium space in Phase I of the project, which is to be utilized as a Library or for other public usage that is mutually agreed to by the parties. The RDA shall pay \$275,000 in 10 yearly installments commencing on the closing date, which is scheduled to occur on September 30, 2004.

Total Project Cost: \$795,000

Total CRA participation: \$275,000

Community/Victory Garden

In an effort to provide increased parking in the South Pointe area, and in an effort to maximize the future use of City assets, the Community Garden located at 131-139 Washington Avenue will be moved to 224 Collins Avenue. From March 2001 through September 2001, several Community meetings were held to discuss this issue with residents and City Staff.

Project

Status - as of 5/31/04

Community/Victory (con't)

In January 2002, an Architectural and Engineering Firm (Coastal Engineering) was selected and an agreement in the amount of \$16,120 was executed, and on March 19, 2003, the Board ratified the selection of Andrew Reid as the artist for the project as recommended by the Art in Public Places Committee for a fee of \$33,800. The Garden is completed. The fence, already designed, is currently under the permitting process to proceed with fabrication and installation. Construction documents are 100% complete. The project, which is being constructed through the JOC process, is projected to be completed by Summer of 2004.

Portofino

Development of the Miami Beach Marina (SSDI North & South) and several other properties owned by the Portofino Group in the South Pointe Area. Portofino's properties west of Washington Ave. are subject to a DRI and their development is conditioned by a Settlement Agreement with the RDA (1998). The first phase involving Portofino Tower, a 228-unit luxury condominium was completed in 1997. The second phase is the Yacht Club at Portofino a 361-unit luxury condominium, on the south part of the Marina (SSDI South), and the adjacent Murano Tower, a 189-unit luxury condominium, which was completed in 2002. The RDA's responsibilities relative to these developments include the reimbursement to the Developer for utility relocations, the completion and repair of the seawall and baywalk, public parking for the Marina (located in the first floor of each of the projects' parking garages) and certain streetscape improvements. The third phase, involving the construction of two luxury condominium towers, Murano Grande and Icon, which will house approximately 555 units, is underway. Murano Grande is in the process of obtaining a final CO. The construction of the ICON project is expected to take 12 months to complete.

Total CRA participation: Est. \$14 Million - utility relocations, completion and repair of the seawall and baywalk, public parking for the Marina and certain streetscape improvements.

Temporary Alaska Parcel Baywalk

In connection with parking lots constructed south of South Pointe Drive, and pursuant to a Planning Board Order issued on August 22, 2001, the property owner of the Alaska Parcel agreed to grant the City/RDA a temporary non-exclusive baywalk access easement over and upon the setback area solely for the purposes of public access and to allow the City/RDA to construct, operate and maintain a temporary baywalk for the duration of the period of time that the Alaska Bayfront Assemblage is utilized for temporary parking purposes. Consequently, on May 29, 2002, Resolution 421-2002 was passed appropriating \$171,000 from South Pointe Tax Increment Funds for the construction costs of a temporary

pedestrian baywalk. On March 19, 2003, Resolution 447-2003 accepted a grant of a temporary baywalk easement, and further appropriated an amount not to exceed \$60,000 for the operation and maintenance of the baywalk. Construction of the temporary baywalk was completed in August, 2003.

Total CRA participation: \$231,000 for construction, operation and maintenance of baywalk.

Streetscape Improvements

A \$27 million streetscape improvement project for the South Pointe Area, based on a Master Plan and preliminary design by Duany Plater-Zyberk and endorsed by South Pointe Advisory Board; Phase I of the streetscape improvements, comprising Third Street and Washington Avenue, including its two-block extension in South Pointe Park, was completed in October 2002. On September 25, 2002, the Commission approved an A/E services contract with Wolfberg Alvarez in the amount of \$469,634 for the planning and design of Phase II of the project. On February 4, 2004, the Commission approved the Basis of Design Report for Phase II and construction design is underway. Phase II construction is expected to begin in mid-2005 and require 16 months to complete. In November 2003, the City issued an RFQ for planning and design services required for Phase 3, 4, and 5 of the project. Responses were received in January 2004, and selection of a firm is expected in Summer of 2004.

Relocation of 72" Drain Pipe

The relocation of a 72" drainage pipe and corresponding outfall, along the south side of the MacArthur Causeway, from Alton Rd. to the water commenced in May 2003, and was completed in July, 2003.

Total Project Cost: Est. \$30 Million

Total CRA participation: \$30 Million

South Pointe Park

Preparation and implementation of Master Plan for South Pointe Park, funded by a combination of tax increment and GO Bond funds. The project will include landscaping, lighting, pedestrian paths, parking and maintenance facilities. An RFQ for required design services was issued in early 2003 but responses were subsequently rejected when it was determined that the size and shape of the park property was likely to change as a result of the Portofino settlement agreement. Once the settlement is executed and the revised boundaries of the Park are set, a new design services RFQ will be issued.

Total Project Cost: \$5.2 Million

Total CRA participation: \$3.2 Million

In order to address the City's need for a waste water master booster pump station, a design consultant is in the process of designing the facility on the city-owned triangular property which fronts Alton Road, between First Street and Commerce Street. Construction documents are approximately 30% complete. However, the City is in the process of negotiating an Amendment to the Agreement to revise the existing design to consolidate the size of the building and its location on one site versus two, while maintaining a façade that adapts to the neighborhood. The Amendment is anticipated to be finalized by July 2004. The Design is scheduled to be completed and the Project Bid within ten (10) months of the execution of the Amended Agreement. This project is being fully funded through funds from the RDA.

PROJECTS**

REDEVELOPMENT PROJECTS (Planned and/or Underway)

City Center Projects:

Project

Status - as of 5/31/04

Beachwalk Project

An at-grade, landscaped pedestrian beachwalk, connecting 21st Street to Lummus Park, designed and engineered by Coastal Systems International. The Project was permitted by the State of Florida in March, 1998. The Project was contested by a property owner and was stalled for almost 5 years in court. In November, 2001, the City received a Partial Notice to Proceed from the State of Florida as a result of a favorable finding for City by the courts. The full permit was issued in April 2002. Plans and bid specifications for the Beachwalk as well as the street-end improvements for 17th and 18th Street street-ends, which are part of the Beachwalk, have been updated and completed by the Architect. The Project was put out to bid during the last week of August 2002. Proposals were received during the last week of October. On November 13, 2002, the RDA awarded a contract to R. L. Saum Construction Co. to proceed with the project and appropriated \$3.7 million. Construction began during mid-March 2003 and is being phased as to mitigate adverse impact to area hotels and businesses fronting the beach. The project is anticipated to be substantially complete in July/August 2004.

Total Project Cost: \$4.5 Million

Total CRA participation: \$4.5 Million - Construction

17th & 18th Street-end Project

The current layout of the 17th and 18th Street street-ends poses severe limitations for traffic circulation and parking, especially as it relates to the operations of the Delano and Ritz Plaza Hotels. Coastal Systems contract for the design of the Beachwalk was amended to include the development of conceptual plans and cost estimates for the extension of 17th and 18th Streets, seaward to the ECL. Coastal Systems is recommending extending and reconstructing both street-ends to match the Boardwalk motif. The street-end cul-de-sacs are proposed to be relocated approximately 50 to 70 feet east, respectively, to enhance the conditions of the streets and improve the street-end layout. Extension and reconstruction of the two street-ends will require demolition and reconstruction of the public right-of-way with new curbing, paver block sidewalks, asphalt pavement, striping and signage. Construction Drawings and specifications have been updated to reflect FDOT improvements and tie-ins on Collins Avenue. The Street-end Project was originally bid as part of the Beachwalk Project and was to commence during Summer 2004, however due to certain event-related conflicts involving area hotels, the Project will most likely be put off till the next fiscal year and be awarded to a JOC contractor.

Total Project Cost (est): \$750,000

Total CRA participation: \$750,000 - Construction

Collins Park Cultural Center

Implementation of a Master Plan calling for the development of a new regional library, streetscape and park improvements to link cultural activities in the area, including the Bass Museum and the Miami City Ballet. Land acquisition through eminent domain was completed in January 2002 and construction documents for the remaining portions of the Cultural Campus as identified in the Master Plan have been completed. On April 10, 2002, the City awarded the construction contract for the Library to the Tower Group. Construction began in May 2002 and achieved substantial completion in November 2003. A temporary certificate of occupancy (TCO) remains pending subject to the resolution of certain code requirements. Opening is anticipated in Spring, 2004. Negotiations with Stern Architects failed to reach an agreement for the design of Collins Park. As such, the scope of work for the Park was included in the Request for Qualifications for the Rotunda, which is part of the old library that will be preserved and converted into a public venue for performing arts and public functions. An RFQ process has resulted in the selection MC Harry & Associates to undertake the design process. Contract negotiations are currently way and should result in an approved agreement by the first Commission meeting in July, 2004.

Total Project Cost: \$11.6 Million – includes land acquisition, streetscape and surrounding infrastructure improvements.

Total CRA participation: \$8.5 Million.

Colony Theater Project

The City has engaged the State of Florida's Department of Management Services to manage the restoration and renovation of the Colony Theater. Preliminary plans called for the removal of the rear 45 feet of existing building, construction of a new stage house, small second and third floor service areas behind the stage, a fourth floor "Backstage" area, elevator, stairs, and the addition of a new vestibule and exterior access ramp to provide ADA access to the stage. The historic preservation scope involves removing the existing marquee and storefront on Lincoln Road and restoring it to its original historic appearance and modifying the interior lobby, office and concession area to be more consistent with the building's original design. Construction drawings were completed on April 29, 2002. Due to delays with structural reviews and permitting, the Project start-up was delayed by approximately 6 months, beginning in late November, 2002, and is anticipated to be substantially complete by early 2005. To date, demolition of the main stage house, as well as, non-historic portions of the lobby are completed. Vertical construction on the site of the new stage house is well underway. On March 17, 2004, the RDA had to appropriate an additional \$1.6 Million towards the project to compensate for the loss of \$ 500,000 in State grant funds and to address certain unforeseen project costs, which is not untypical of historic renovation projects.

Total Project Cost: \$6.3 Million

Total CRA participation: \$4.5 Million - Construction

New World Symphony

The Administration has successfully negotiated a Lease and Development Agreement with the New World Symphony (NWS) regarding its proposed lease of a portion of the 17th Street Surface Parking Lot to accommodate its Sound Space design concept (the Project). As envisioned, the proposed 50,000 square foot facility will provide state-of-the-art communication and media capabilities with performance, classroom, rehearsal and broadcast space. In addition to providing a world-renowned, state-of-the-art facility, another focal point for the community, and the basis for considering the facility's location on this site, is that it will incorporate giant video screen(s) on one or more facades of the building, allowing the public to view live and recorded broadcasts from around the world. The Master Plan contemplates situating the facility on the west surface lot, just to the north of the exiting NWS Theater on Lincoln Road. On July 30, 2003, the Development Agreement between the City of Miami Beach and the New World Symphony, following a duly noticed public hearing, was approved on first reading. A second and final reading of the Development Agreement was held on September 10, 2003, together with a Resolution approving a Lease Agreement, following a separate public hearing. The NWS engaged world-renowned Architect, Frank Gehry to spearhead the design of the project.

Conceptual design alternatives for the proposed project have been submitted for review by the City Manager were subsequently reviewed by the Planning Board on May 25, 2004. On July 28, 2004, the plans will be submitted to the City Commission, to consider the recommendations of the Planning Board and to select one of three proposed alternatives.

Separately, but related to the implementation of the 17th Street Master Plan and the realization of NWS' plans, proposals have been received in response to an RFQ for architectural and planning services for the programming and design of the City Hall Expansion Lot parking facility. On February 4, 2004, the City Commission authorized negotiations to proceed with the firm of Perkins and Will.

Total Project Cost: Soundspace - Min. \$40 million; Parking component - \$5 million; Park component - \$10 million
Total CRA participation: TBD

City Center Right-of-Way Improvement Project

The City Center Right of Way (ROW) Infrastructure Improvement Project is a \$16 million infrastructure project which includes the restoration and enhancement of right-of-ways/streetscapes throughout City Center, including roadway, sidewalk, curb and gutter, landscape, streetscape irrigation, lighting, potable water, and storm drainage infrastructure as needed. The estimated budget for the project is \$16,069,350. The estimated construction budget for the project is \$12,173,750. This estimated construction total includes \$6,577,500 for streetscape; \$4,296,250 for stormwater improvements; and \$1,300,000 for water

improvements. Proposals have also been received in response to an RFQ for architectural and engineering services for the planning and design of the project. The selection process resulted in awarding negotiations to Chen and Associates. Negotiation sessions have been held and may be concluded in time for the July 28, 2004 Commission meeting.

Total Project Cost: \$16 million

Total CRA participation: \$16 million

Botanical Garden Improvements

The Miami Beach Garden Conservancy has initiated efforts to achieve accreditation of the Botanical Garden through the American Association of Museums. To this end, it has been working with the City of Miami Beach and the RDA to define the scope of capital improvements required to achieve this goal. The City identified approximately \$1.5 Million from Series 2000 General Obligation Bonds to undertake the improvements. In July, 2003, following an RFQ selection process, EDAW was selected to undertake the planning and design of the facility. The estimated cost to design the improvements will be approximately \$86,000. Programmatic aspects of the planning phase are currently in process.

Total Project Cost: \$1.5 million

Total CRA participation: None - TBD

**CITY OF MIAMI BEACH
MIAMI BEACH REDEVELOPMENT AGENCY ITEM SUMMARY**

Condensed Title:

A Resolution of the Chairman and Members of the Miami Beach Redevelopment Agency authorizing the use of and appropriating South Pointe RDA funding in the amount of \$127,916 for the design and construction of improvements to Lummus Park that fall within the boundaries of the South Pointe RDA.

Issue:

Should the City authorize the use of South Pointe RDA funds in the amount of \$127,916 to pay for the design and construction of Lummus Park improvements that fall within the boundaries of the South Pointe RDA and are eligible for RDA funding so that a higher level of improvements can be achieved for this signature park?

Item Summary/Recommendation:

The City contracted with Bermello & Ajamil architects to design improvements to Lummus Park including widened sidewalks, additional trees and landscaping, pedestrian plazas at street ends, a new restroom at 14th Street, and street furniture and signage. The total cost of the improvements is estimated at \$1,270,408. The cost of design and construction of improvements in the section of the Park that falls within the South Pointe Redevelopment area, which is the area bounded by the 6th Street on the north, 5th Street on the south, and Ocean Drive on the west, is estimated at \$127,916. These improvements are eligible for South Pointe RDA funding. The Administration recommends adoption of the resolution to provide for enhanced improvements to this extremely visible and popular Park.

MIAMI BEACH REDEVELOPMENT AGENCY ITEM

To: Chairman David Dermer and
Members of the Redevelopment Agency

Date: July 7, 2004

From: Jorge M. Gonzalez
Executive Director

Subject: A RESOLUTION OF THE CHAIRMAN AND MEMBERS OF THE MIAMI BEACH REDEVELOPMENT AGENCY AUTHORIZING THE USE OF AND APPROPRIATING \$127,916 IN SOUTH POINTE RDA FUNDING FOR THE DESIGN AND CONSTRUCTION OF LUMMUS PARK IMPROVEMENTS LYING WITHIN THE SOUTH POINTE REDEVELOPMENT AREA.

ADMINISTRATION RECOMMENDATION:

Adopt the Resolution.

ANALYSIS:

On November 8, 1994, the citizens of the City of Miami Beach approved the issuance of \$15 million in general obligation bonds for park improvements (Parks Bond). Bermello, Ajamil and Partners, Inc. (B&A) prepared a Master Plan that addressed the needs of twenty (20) parks including Lummus Park. The Mayor and City Commission adopted the Master Plan on June 19, 1996.

On July 16, 1997, the Mayor and City Commission authorized the City to enter into an agreement with B&A for professional services related to the planning and design of improvements to North Shore Park, North Shore Open Space Park, Pine Tree Park, the Parks Maintenance Facility, South Pointe Park, and Lummus Park.

Lummus Park improvements were divided into two phases. Phase I included landscaping, playground, and restroom improvements which were funded through the 1995 Parks Bond and which were completed in 2000. In April 2001, B&A was authorized to begin designing Phase II improvements which were to be funded primarily with the \$1,100,000 General Obligation Bond funding allocated for the project. Proposed Phase II improvements included widening the sidewalk along the east side of Ocean Drive, replacing the 14th Street restroom, and new landscaping, irrigation, and street furniture. Project planning was complicated by the need to demolish the 14th Street restroom and to obtain community consensus on a replacement design, both of which contributed to an extended planning period. The required Historic Preservation Board project approval for the restroom demolition and replacement and the balance of the project improvements was obtained in April 2003. The project was also delayed by the need to negotiate additional services for B&A due to several required extensions of the originally contemplated planning and design period.

Currently, 90% construction design documents for the project have been completed and initial project permitting is underway. Construction is expected to begin this summer and be completed by early 2006. The total construction cost estimate for the project is approximately \$1,270,408, approximately \$102,380 of which is generated by improvements that fall within the area of the Park that lies within the South Pointe RDA and are therefore eligible for RDA funding. This area is the portion of the Park east of Ocean Drive from the north right-of-way line of 6th Street to the south right-of-way line of 5th Street. Improvements proposed for this area include a new ten foot wide sidewalk and new curb along Ocean Drive, benches, newspaper rack areas, irrigation, landscaping, and street end plazas at 5th and 6th Street.

In addition to this construction cost, the following costs associated with this work are also eligible for funding through the South Pointe RDA: a contingency fee of 10% of construction costs (\$10,238); a design cost of approximately 8% of construction costs (\$8,190); \$1,250 for survey, testings, and other project related expenses not included in the construction estimate; and a project management cost of 4.8% of total project cost (\$5,858.) The total amount of RDA funding requested for the project is therefore \$127,916.

By making available the RDA funding to cover these eligible improvements, all of the currently allocated project funding can be used in the area north of 6th Street, allowing an overall higher level of improvements to be implemented as is appropriate given the Park's location adjacent to Ocean Drive which is internationally known both as a destination and a brand representing the City's unique style.

CONCLUSION:

The Administration recommends approval of the Resolution.

REDEVELOPMENT AGENCY ITEM SUMMARY**

Condensed Title:

Ratify additional services to CDM for the construction administration and resident project representative for the Water and Waste Water Pump Stations Upgrades appropriating funds in the amount of \$25,478.40 from City Center RDA TIF and \$424.64 from South Pointe RDA TIF.

Issue:

Should the Redevelopment Agency Ratify Additional Services to CDM for the Construction Administration of the Water and Waste Water Pump Station Upgrades and appropriate the requisite funds?

Item Summary/Recommendation:

On February 1999, Resolution 99-23061 awarded a \$17,692,568.00 contract to Felix Equities, Inc. (FEI) pursuant to Invitation to Bid No. 99-97/98 for the Water and Waste Water Pump Station Upgrades. On June 18, 2002, the Administration certified FEI in Default. On July 10, 2002, the Mayor and City Commission adopted Resolution 2002-24924, which declared an emergency situation and waived the formal competitive bidding requirements for the project. Due to the continued deterioration of the pump stations, the City Administration decided in late 2002 that it was not in the City's interest to continue to wait for the conclusion of the FEI/Surety issues noted above before continuing the project. Therefore, the Administration decided to complete the previously approved informal bid process to secure a replacement contractor. Camp Dresser & McKee, Inc (CDM), the consultant for the above referenced project has guided the City along the extended process of the specific project.

On January 14, 2004, Resolution 2004-25465 awarded a Contract to Widell Inc. in the amount of \$17,352,615, for the Water and Waste Water Pump Stations Upgrades pursuant to Bid No. 10-02/03. In addition, the Resolution stated that the amount of \$500,000 appropriated for CDM as a consultant for the project was only an estimate due to the fact that the City had not begun negotiations regarding the final scope of the project and corresponding fees.

The City and CDM finalized negotiations for additional services to include the additional tasks of the review of "Shop Drawings, Samples and Miscellaneous Issues" (Task 2.0) and "Resident Project Representative Services" (Task 3.0). The final negotiated amount for CDM's efforts on this project is \$924,640, of which \$500,000 was approved by the Commission through Resolution 2004-25465.

Funding for these additional services is available from Series 1995 Water/Sewer Bond Interest, City Center RDA TIF and South Pointe RDA TIF, with the understanding that when the City Administration and City Attorney are able to negotiate an acceptable settlement with the surety company United Fidelity and Guaranty Company (USF&G) for the previous contractor Felix Equities and if the appropriate Courts approve the settlement; funding will be reimbursed to the funding source.

Miami Beach Redevelopment Agency

From: Jorge M. Gonzalez
Executive Director

Subject:

A RESOLUTION OF THE CHAIRMAN AND MEMBERS OF THE MIAMI BEACH REDEVELOPMENT AGENCY RATIFYING ADDITIONAL SERVICES FOR CONSTRUCTION ADMINISTRATION AND FIELD OVERSIGHT SERVICES TO CAMP, DRESSER & MCKEE (CDM); AND APPROPRIATING THE AMOUNTS OF \$25,478.40 FROM CITY CENTER REDEVELOPMENT AREA TAX INCREMENT FUNDS , AND \$424.64 FROM SOUTH POINTE REDEVELOPMENT AREA TAX INCREMENT FUNDS.

ADMINISTRATION RECOMMENDATION

Adopt the Resolutions.

FUNDING

Funding in the amount of \$398,736.96 is available from Series 1995 Water/Sewer Interest, \$25,478.40 from City Center RDA TIF and \$424.64 from South Pointe RDA TIF.

Once the City Administration and City Attorney are able to negotiate an acceptable settlement with the United Fidelity and Guaranty Company (USF&G), Surety Company in the dispute with the previous contractor, Felix Equities, Inc., and if the appropriate courts approve the settlement agreement, funding will be reimbursed.

ANALYSIS

On February 1999, Resolution 99-23061 awarded a \$17,692,568.00 contract to Felix Equities, Inc. (FEI) pursuant to Bid No.99-97/98 for the Water and Waste Water Pump Station Upgrades in the City of Miami Beach.

On May 21, 2001, FEI submitted a Request for Equitable Adjustment (REA) to the City's consulting engineer Camp Dresser & McKee, Inc. (CDM) for approximately \$1.7 million, representing increased costs the Contractor attributed to delays associated with the issues referenced above. Repeated City requests for FEI to submit specific documentation to support the REA were not provided in sufficient detail to allow a thorough analysis by CDM or City staff. Without this information, the City could not evaluate the Contractor's REA.

On June 7, 2002, the City Administration sent FEI a Notice of Default due to the lack of progress in the project and provided FEI 10 days to correct the lack of progress issues.

Upon FEI's failure to properly remedy its lack of progress, the City Administration certified FEI in default on June 18, 2002. Subsequently, on July 10, 2002, and pursuant to Article 8.8 of the City's contract with FEI, the Administration recommended that the City Commission remove the prosecution of work from the hands of FEI and authorize the City Manager, or designee, to prosecute the remainder of the work. Pursuant to Article 8.8, any remaining funds in the contract would be returned to the contractor, or if the remaining funds were insufficient, the contractor, after completion of the work, would be required to pay the City the cost overrun. This action was consistent with the contract requirements. The City Commission approved this request on that date through Resolution 2002-24924.

On July 9, 2002, the day before the City Commission action noted above, Linc Net, the parent company of FEI, filed for bankruptcy and an automatic stay was placed on the FEI contract. This action precluded the City from implementing any action regarding FEI and FEI's contract without Bankruptcy Court approval. At approximately the same time, FEI and its surety company, United States Fidelity and Guaranty Company (USF&G), requested a meeting with the City to discuss potential settlement options. These initial discussions did not produce a settlement that met the interests of all parties. Therefore, the City invoked the Performance Bond on the project provided by USF&G in August 2002. USF&G declined to honor its Performance Bond based on the bankruptcy of FEI. Subsequent demands and settlement discussions continued throughout the balance of 2002 and into 2003. Negotiations on this matter have continued throughout between the City and USF&G in order to obtain a resolution on their obligations under the bond.

Due to the continued deterioration of the pump stations, the City Administration decided in late 2002 that it was not in the City's interest to continue to wait for the conclusion of the FEI/Surety issues noted above before continuing the project. Therefore, the Administration decided to complete the previously approved informal bid process to secure a replacement contractor.

On June 10, 2003, the deadline for bids pursuant to Invitation to Bid No. 10-02/03, bid proposals were received at the Procurement Department. Only one contractor, who was deemed qualified and responsive, submitted an initial bid proposal and the City decided to proceed with negotiations. The initial bid by Widell, Inc. was in the amount of \$20,970,000.

The City entered into long and very detailed negotiations with Widell. CIP staff and CDM as well as personnel from Widell evaluated every item in the bid proposal, reviewed carefully the established scope, and reviewed the documents submitted for bid, etc., and in the end agreed upon a final cost to complete the project of \$17,352,615; as approved in Resolution 2004-25465, dated January 14, 2004.

Throughout this effort the City has counted on the unconditional support of CDM to ensure the correct decision for the City is made. Resolution 2004-25465 stated that the amount for services awarded to CDM at that time was only an estimate due to the fact the City had not begun negotiations regarding the final scope of services and corresponding fees. At that time, \$500,000 was awarded to CDM.

The City has negotiated the complete additional services required of CDM for this project,

which will include the "Shop Drawing, Samples and Miscellaneous Issues" (Task 2.0) and the "Resident Project Representative" (Task 3.0). All other services have been contemplated in the initial services approved in Resolution 2004-25465. The fee for these services has been negotiated for a not to exceed amount of \$924,640. With the Commission's prior approval of up to \$500,000 additional funding in the amount of \$424,640 is needed, as outlined in Attachment A.

Funding for these additional services are available in the amount of \$398,736.98 from Series 1995 Water/Sewer Bond Interest, \$25,478.40 from City Center RDA TIF and \$424.64 from South Pointe RDA TIF, with the understanding that when the City Administration and City Attorney are able to negotiate an acceptable settlement with the surety company United Fidelity and Guaranty Company (USF&G) for the previous contractor Felix Equities and if the appropriate Courts approve the settlement; funding will be reimbursed to the funding source.

CONCLUSION

At this time the condition of some of the Pump Stations are in emergency status; Widell, Inc. has executed the contract with the City and mobilizations in the project have begun. Awarding this additional services to CDM in an amount not to exceed \$424,640 for Construction Administration and Field Observation services will ensure the best performance of the new contractor.
